

# Create your own Mopoke show!

## The stuff you'll need:

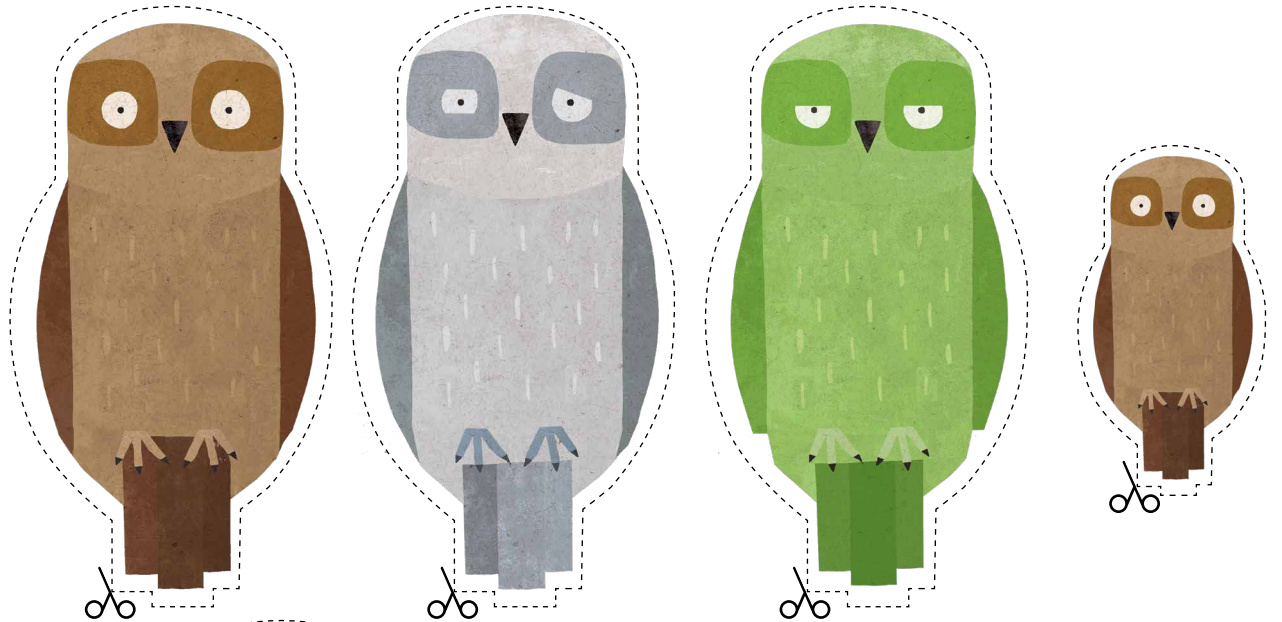

1. A helpful adult.
2. Some paddle-pop sticks.
3. Some glue.
4. Scissors.
5. A shoebox (optional).

## What to do:

1. Cut out the `pokes and props you will need for your show.
2. Glue each of the `pokes and props to a paddle-pop stick.
3. Gather the people around you and put on a show!

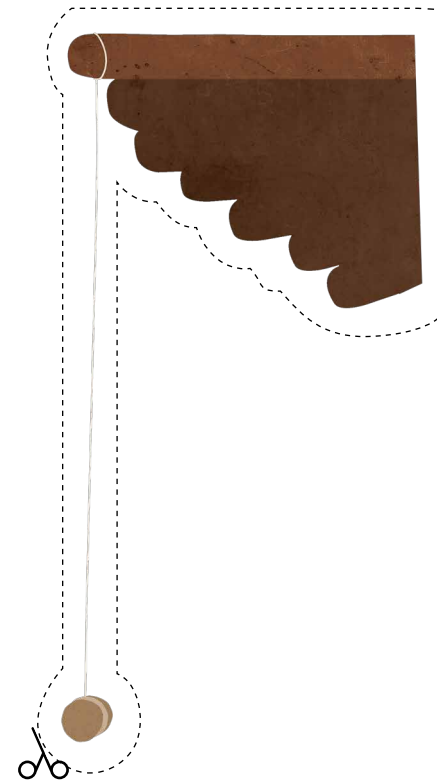

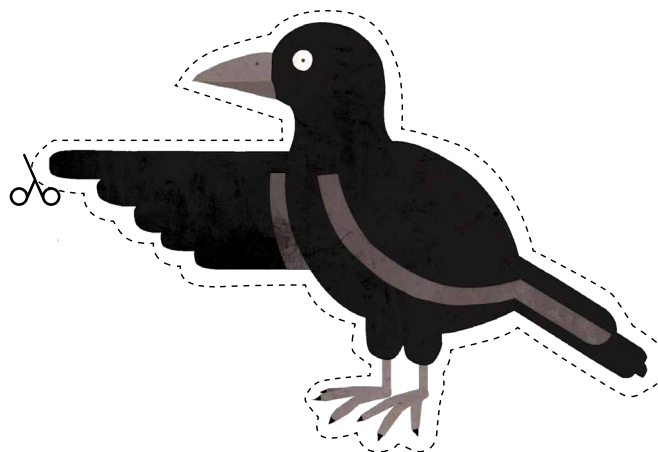

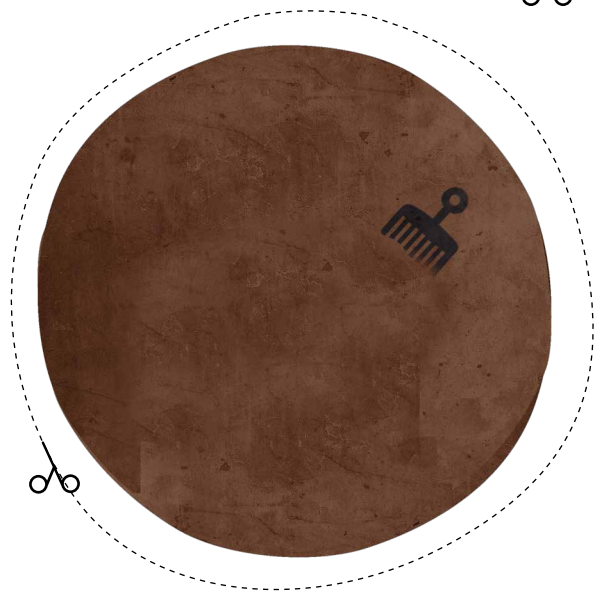

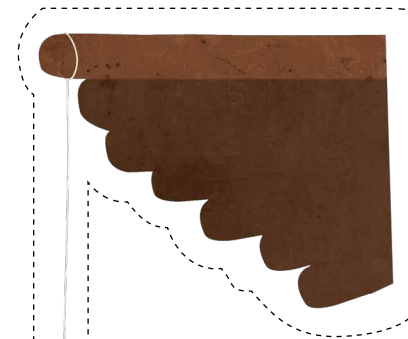

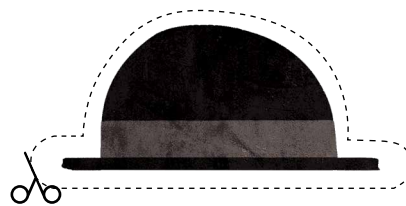

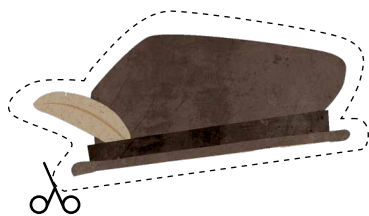

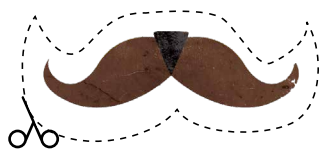

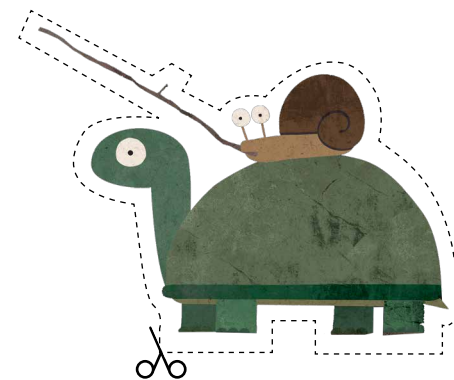

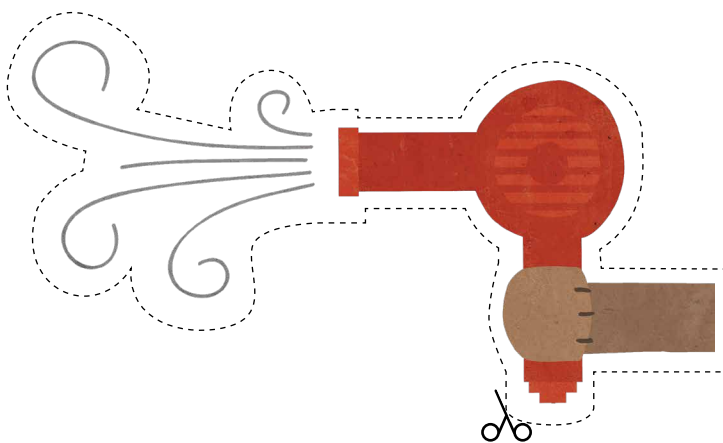

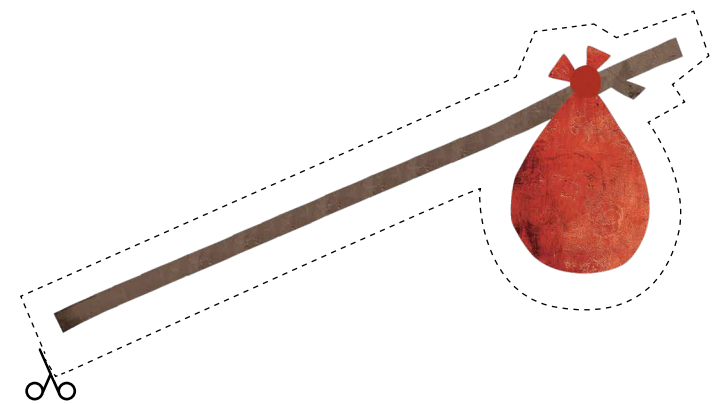

(And if you want to go all-out...)

4. Find a shoebox (preferably one with no smelly shoes in it).
5. Stick the background into the shoebox (see p3).
6. Cut a thin hole in the bottom side of the shoebox, to poke the `pokes through.

# Mopoke.
